Dear Colleagues,

It is a great pleasure to invite you to attend the 1st Conference on Orthopaedic Rehabilitation with International Participation, which is organized by the Orthopaedic and Rehabilitation Departments of Ioannina University Medical School. It is also under the patronage of the University of Ioannina, the Hellenic College of Orthopaedic Surgeons, the Hellenic Society for Disabled Children, and the Orthopaedic Rehabilitation Association, USA (ORA).

The meeting will take place at the Amphitheater of the University Hospital of Ioannina on Wednesday October 27th 2010 and in continuation of Visiting Professor's Day of the 'S. Niarchos' Rehabilitation Center on Tuesday October 26th 2010. Visiting Professors will be Prof. Freeman Miller and Prof. Mary-Ann Keenan.

The 1st International Conference on Orthopaedic Rehabilitation is addressed to physicians of relevant specialties (Orthopaedics, Neurology, Paediatrics, Intensive Care Medicine, Surgery, Internal Medicine, Physiatry), therapists, orthotists, nurses and students and will include the latest advancements in treatment (operative and non-operative) of Rehabilitative Orthopaedics with holistic approach. Main topics of the Conference are: Cerebral palsy in children, Cerebrospastic disorders in adults, Amputations and Prostheses and Heterotopic ossification. Lecturers will be Greek and international scientists, distinguished in the field of Orthopaedic Rehabilitation.

The meeting will be credited with 6 CME Credits.

We are looking forward to welcoming and hosting you at Ioannina.
Sincerely,

Alexander Beris, MD
Professor of Orthopaedics
University of Ioannina
President of the Scientific
Committee

Avraam Ploumis MD
Assistant Professor of PMR
University of Ioannina
President of the Organising
Committee

- 08.30-09.00** Registration-Coffee
- 09.00-09.30** Opening ceremony-Welcoming Addresses
- 09.30-11.30** Round table
CEREBRAL PALSY IN CHILDREN
 - 1. Etiology-Clinical presentation-Classification
 - 2. Nonoperative management
 - 3. Gait analysis
 - 4. Orthoses-Spasticity management
 - 5. Soft tissue (tendon releases) procedures
 - 6. Bone procedures in lower extremities
 - 7. Treatment of spinal deformities

Discussion
- 11.30-12.00** Break-Coffee
- 12.00-13.30** Round table
CEREBROSPASTIC PARALYSIS IN ADULTS
 - 1. Etiology-Clinical presentation
 - 2. Rehabilitation planning and guidance of neuroplasticity
 - 3. Soft tissue procedures (tendon transfers)
in upper extremities
 - 4. Soft tissue procedures
(tendon transfers) in lower extremities
 - 5. Bone-joint procedures in lower extremities

Discussion
- 13.30-14.00** Lunch Break- Workshop

- 14.00-15.45** Round table
AMPUTATIONS AND PROSTHESES
 - 1. Principles of amputation
 - 2. Amputations and salvage procedures of upper extremity
 - 3. Amputations of pelvis-hip
 - 4. Amputations of lower extremity
 - 5. Complications of amputations
 - 6. Prostheses in upper and lower extremities' amputations
 - 7. Rehabilitation of amputees

Discussion
 - 15.45-16.00** Break-Coffee
 - 16.00-17.15** Round table
HETEROTOPIC OSSIFICATION
 - 1. Etiology-Pathology-Clinical Presentation
 - 2. Diagnosis-Non-operative treatment
 - 3. Physiotherapeutic approach
 - 4. Surgical treatment of upper extremity
 - 5. Surgical treatment of lower extremity

Discussion
 - 17.15-17.30** Conclusions-Adjourn
- Posters will be exhibited on the boards outside the amphitheater during the Conference
